

Learn
Without Limits!

About Us

SIMAD oLearn is SIMAD University's bold and transformative initiative to expand access to higher education across Somalia through inclusive, flexible, and technology-driven learning. As part of the University's strategy, SIMAD oLearn is designed to bridge educational gaps caused by geographic inaccessibility, economic hardship, and social limitations. This pioneering initiative delivers academic and professional programs through hybrid modalities combining Off-Campus (Online) and On-Campus (Evening) approaches. With a robust Learning Management System (LMS), virtual laboratories, and digital libraries,

SIMAD oLearn enables students to learn anytime, anywhere, using interactive, learner-centered methods supported by qualified faculty. SIMAD oLearn supports a diverse community of learners, including working professionals, Parents or Caregivers with family responsibilities, and students from remote areas. By fostering a culture of digital literacy, self-paced learning, and lifelong education, SIMAD oLearn positions SIMAD University at the forefront of Somalia's educational transformation and innovation.

Our Vision

To be a leading platform for inclusive, flexible, and high-quality hybrid learning in Somalia and the Horn of Africa.

Our Mission

To provide accessible and learner-centered academic and professional programs through technology-driven and pedagogically sound hybrid learning models, empowering individuals and communities with knowledge and skills for sustainable development.

Flexible Delivery Modes

Off-Campus (Online) Programs

The Off-Campus (Online) program is designed for learners who require flexible study options. It offers self-paced learning through SIMAD oLearn's digital platform, supported by video lectures, interactive activities, and instructor feedback. Learners can study anytime and anywhere, making it ideal for those balancing work, family, or remote living conditions.

On-Campus (Evening) Programs

The On-Campus (Evening) program is tailored for students who prefer in-person learning after regular hours. Held at SIMAD University's Town Campus, it combines face-to-face instruction with digital support tools. This mode suits working professionals seeking structured classroom engagement while benefiting from evening flexibility.

Flexible English Skills Program (ESP)

SIMAD oLearn, the digital learning center of SIMAD University, offers a structured English Skills Program designed to develop learners' language proficiency for academic success, professional communication, and everyday interaction. The program provides two focused learning pathways:

English for Academic Purposes (EAP)

The EAP track (Macmillan Skillful) at SIMAD oLearn is the first structured academic English program in Somalia delivered in a flexible, digitally supported format. It prepares learners for higher education by building communicative, social, and academic English skills alongside essential academic competencies such as critical thinking, study skills, and information literacy. This program consists of five progressive levels completed over five trimesters (15 months).

Level	Description
1) Foundation:	Basics of academic English
2) Beginner:	Introduction to functional use
3) Intermediate:	Development of core academic skills
4) Advanced:	Proficient academic communication
5) Mastery:	Equivalent to IELTS Band 7 readiness

English for General Purposes (EGP)

The EGP track (Speak Your Mind / Open Mind) is designed for learners who seek to strengthen their English for daily life, professional settings, and global communication. Delivered in a flexible format, this pathway builds real-life language proficiency for non-academic contexts. The EGP program includes four levels offered over four trimesters (8 months).

Speak Your Mind	Open Mind	Level Description
Level 1	Starter	Foundation for beginners
Level 2	Level 1	Developing functional English
Level 3	Level 2	Strengthening communication skills
Level 4	Level 3	Achieving fluency in general contexts

Academic Calendar

SIMAD oLearn follows a Tri-Semester Academic Calendar, providing more flexible entry points and faster completion times for learners. This structure allows students to complete their programs efficiently while accommodating personal, professional, or geographic constraints.

Semester 1:

September
To December

Semester 2:

January
To April

Semester 3:

May To
August

Undergraduate Admission Requirements

SIMAD oLearn welcomes a diverse community of learners ranging from Remote Students to working professionals, parents, and lifelong learners into its flexible and inclusive academic programs. All applicants must meet the following criteria:

1. Academic Qualification

- Must have passed the National High School Examination with a minimum overall average of 60%.
